#### Tempting Providence.

Capt. Ludwig Eisenbaum, the lone navigator, who crossed the Atlantic from Boston in a 17-foot Swampscott dory, came into New York yesterday as a member of the crew of the Red Star line steamship Kronland, from Antwerp. He brought his dory with him. His trip across was almost a constant struggle for life. Twice he was sighted in mid-Atlantic by passing steamships, the captains of which urged him to abandon his undertaking. He had several narrow escapes from drowning, and once lost nearly all his provisions. The captain left Boston in the Columbia May 22 of last year. He returned to port June 13, having been obliged to give up his trip. Again he started out early in August. He experienced almost constant bad weather, and on September 6 had a narrow escape from death. That day a gale sprang up and the captain was thrown into the sea, but managed to right the craft and get her free from water. On taking stock he found he had lost nearly all his provisions and four casks of water. September 23 there began a three days' storm, during which the captain was constantly wet to the skin and was obliged to work on without sleep and with little to eat. October 4 he met another storm and several times narrowly escaped having his craft overturned. The Columbia arrived at Funchal, Madeira, October 25, 72 days out, having covered 3,600 miles. November 23 Captain Eisenbaum arrived at Gibraltar and practically completed his voyage.

#### Situation in Colorado.

Two more deaths have resulted from the dynamiting outrage at Independence, Colo. The mineowners and friends have forced city and county officials in the Cripple Creek district to resign under threats of hanging, and seizing the reins of government, enforced their decrees by the militia and 1,000 armed deputies. About 200 union men were thrown into the "bull pens" and plans were made to drive every union man from the county. Miners' headquarters were seized and unionists' stores wrecked and looted. The Victor Record was strictly censored. The acting president of the Federation of Miners says the mineowners are responsible for all the trouble, denounced the outrage at Independence and offered to aid in its punishment. President Gompers, of the American Federation of Labor, has denounced Governor Peabody and the Citizens' Alliance as to blame for the trouble. Although excitement at Victor was at a high pitch during the night, no sensational incident occurred. From dark till dawn the principal streets were almost as crowded as they were during the day by thousands of men and women who had assembled from all parts of the camp in the belief that darkness would invite further bloodshed.

#### Cardinal Satolli's Visit.

Prominent Catholics in Washington say they are amused at the story sent out from that city last night asserting that the object of the visit of Cardinal Satolli to this country is the establishment of a papal nunciature in Washington. There is no more significance in the visit of Cardinal Satolli to America than there would be in the visit of Cardinal Gibbons to Europe. Cardinal Satolli will come to Washington in much the same manner that the American Cardinal has several times gone to Rome. Cardinal Satolli comes primarily as Prefect of the Congregation of Studies to attend the Catholic exhibit at the World's Fair at St. Louis. He is also desirous of renewing old acquaintances and of studying the progress of the church and especially its educational institutions in the United States, since he went to Rome some years ago after the selection of Cardinal Martinelli as his successor. A very prominent official of the Catholic Church in Washington says: "The story has been brought to my attention. It is all bosh. There is not a word of truth in the assertion that Cardinal Satolli or anybody else is striving for an American nunciature."

#### Knights of Columbus.

The Knights of Columbus began their national council in Louisville, Ky., yesterday with 150 delegates in attendance. After the welcoming addresses Supreme Knight Edward L. Hearn, of South Framingham, Mass., read his annual report. He said that 66 new councils had been instituted since January 1 of this year, an average of 12 new councils a month, which breaks all former records. The net increase in the insurance department for the first five months of 1904 was 3,000, which was almost as large as the net gain for the whole of 1903. On June 1 the total membership was 114,000, a gain of 8,000 over 1903. The Supreme Knight referred to the establishment of a chair of American history in the Catholic University in Washington, D. C., to which the order contributed \$50,000. It was suggested that the councils organized since the donation of the \$50,000 would make a sum to equip the library to go with the department of American history.

#### Driven to Desperation

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in Burns, Cuts, Wounds, Ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c at E. S. Leadbeater & Sons' drug store.

#### Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Richard Gibson and W. F. Creighton & Co.
